Education

Vellore Institute of Technology, Vellore	2023 – 2027 (Expected)
B.Tech in Computer Science and Engineering	
Doon Public School	2022
Class XII — 75%	
Doon Public School	2020
Class X — 92%	

ACHIEVEMENTS & CERTIFICATIONS

- Built and deployed multiple academic and personal projects using GitHub
- Consistently solving programming problems on LeetCode to strengthen DSA fundamentals
- Successfully completed end-to-end project development from design to implementation
- Active learner with hands-on experience through project-based learning
- Demonstrated strong problem-solving skills through academic coursework and projects
- Regularly practiced coding and improved logical thinking through competitive platforms

- Programming Fundamentals in C, C++ and Java
- Web Development Fundamentals (HTML, CSS, JavaScript)
- Data Structures & Algorithms – Self-LearningProjects

Projects

Green Cloud Resource Manager	Sept 2025
Green Cloud Resource Manager • Developed a system focused on efficient cloud resource utilization • Implemented modular and maintainable code • Used GitHub for version control GitHub:	
AI-Powered Disease Prediction Model	Sept 2024 – Dec 2024
• Built and trained a model to predict diseases from symptoms, achieving 95% accuracy. • Integrated with Flask for real-time web-based predictions. • Evaluated multiple ML algorithms including Decision Trees, Random Forest, and Neural Networks. • Tech Stack: Python, Flask, Scikit-learn, TensorFlow.	
AgriConnect Platform	Apr 2024 – May 2024
• Developed a platform providing farmers with real-time market prices and agricultural insights. • Integrated an AI-powered chatbot to resolve queries and improve accessibility. • Added features like authentication, analytics dashboard, and mobile-first responsive UI. • Tech Stack: React.js, React Router, Express.js, Tailwind CSS, MongoDB.	

Technical Skills

Programming: C++, Python, Java, JavaScript, MySQL
Web Development: React.js, Node.js, Express.js, Redux, Tailwind CSS
Databases: MySQL, MongoDB
Machine Learning: Scikit-learn, TensorFlow, Pandas, NumPy
Tools: Git, GitHub, VS Code, Jupyter, Godot, Cursor
Soft Skills: Analytical Thinking, Communication, Problem-Solving

Coursework

DSA, OOP, Operating Systems, Computer Networks, Artificial Intelligence, Cloud Architecture, Discrete Math, Probability & Statistics, Natural Language Processing, Software Engineering, Cryptography And Network Security
